

Dear Friends:

As the founder and current coach of the Rainier Plateau Junior Rugby Club I have been involved with the evolution and subsequent growth of youth rugby in our area. Our club currently draws members from five separate high schools creating a unique situation in youth sports of having rival school athletes combine to form one area team. We are members of the Washington Youth Rugby Association an organization which is comprised of fourteen boys and nine girls teams.

On behalf of the boys currently participating on our club and the countless yet to come, I hope you will find time to review the informational materials associated with our sponsorship opportunities. Our club is entirely self supported and without the collection of sponsorship, corporate aid and the multiple fundraising efforts our members complete many of our players would not be able to participate in our program.

Our club's primary mission is to involve a mix of members that crosses social, racial and economic boundaries. We hope you will consider making a difference by supporting this mission which helps to keep young boys active, engaged and involved in a physical activity and in an atmosphere where it is safe to learn and grow while having fun. We like to establish a positive place for boys to learn to be men.

On behalf of the boys and my fellow coaches please consider supporting our goals and mission in the form of tax deductible donation.

Sincerely,

Andy Ramsay
